

What Is Changing

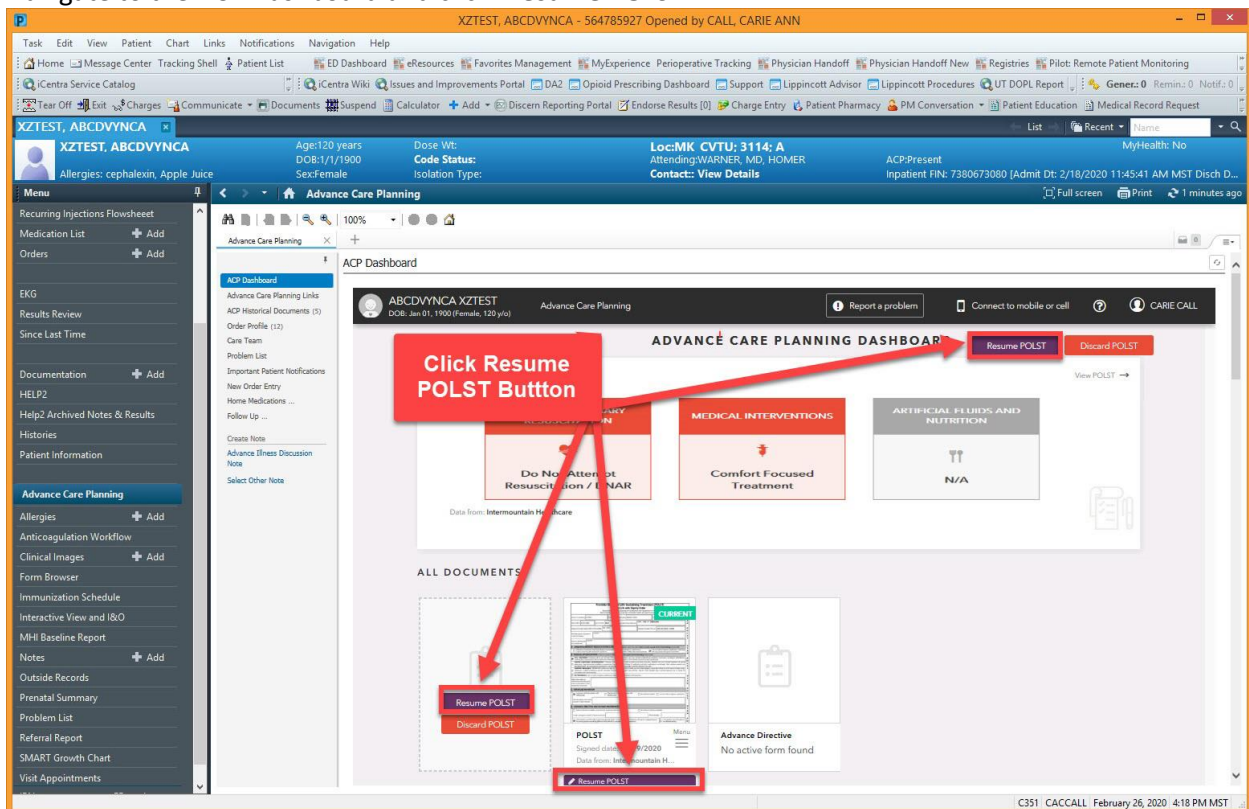

Intermountain has created a new centralized process to help caregivers know, share, and honor the healthcare wishes of the patients we serve. The Advance Care Planning (ACP) Dashboard is a third-party storage and retrieval system for all ACP documents stored in iCentra. The dashboard provides all caregivers with a single easy way to locate documents in the patient record and allows electronic creation of the UT - Provider Order of Life Sustaining Treatment Orders (POLST) and ID - Physician Orders for Scope of Treatment (POST).

Why It Is Changing

To provide all caregivers with an easy and reliable way to create, locate and share ACP documents across the system while finding a simple way to quickly know if a patient has a document on file.

Signing an ePolst

Navigate to the ACP Dashboard and click 'Resume POLST'

Complete SIGN AND SUBMIT section by signing the form either with the mouse or connected mobile device. Then click **'Accept and Continue.'**

The screenshot shows a web form titled "IDAHO POST 2012" with a progress indicator of 88%. The patient information at the top is B XZTEST, DOB: Jan 01, 1980 (Female, 40 y/o), and the form is for "Advance Care Planning". The "SIGN AND SUBMIT STEP 1 OF 2" section includes the following fields: "Select Physician/APRN/PA's name" (dropdown menu), "Phone Number" (text field with mask (999) 999-9999 x 99999), "ID License Number" (text field), "Physician/APRN/PA Signature" (signature area with a "Click here to connect a smart device for signature" button), "Sign below, or" (text), "Clear Signature" (button), "Physician/APRN/PA Signature Date" (Month, Day, Year dropdowns), and a checkbox for "Click this box if patient wishes to OPT-IN". At the bottom of the form are "Clear" and "Accept and Continue" buttons.

A pop-up box titled Signature Check will appear. Double check the signature and click **"Accept and Continue."**

The "Signature Check" pop-up box features a warning icon and the text "The signature is shown below. Please Check it again." Below this text is a large white box containing a handwritten signature that reads "Signature". At the bottom of the pop-up are "Cancel" and "Accept and Continue" buttons.

Once all the required sections are completed, a signer can progress to the last step to complete the ePOLST/POST. The signer will be presented with the following screen to review the completed ePOLST/POST. Complete the document by clicking 'Sign and Complete Form'.
