

EpicCare Link Employer Portal

Employer Portal users can use EpicCare Link to view Workers Comp and DOT Physical exam encounters. Workers Comp information, results, and scanned documents can be found in the in the **Chart Review** activity under the **Encounters** tab which will show an **Encounter Report** which may include a letter and scanned documents filled out by the Occupational Health (WorkMed) provider:

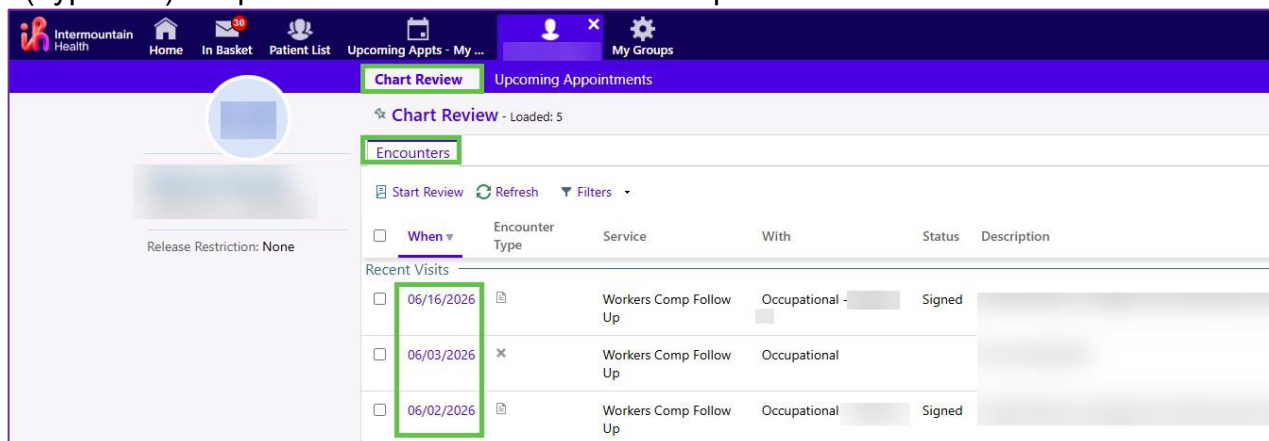

Logging into EpicCare Link and Accessing the Patient List

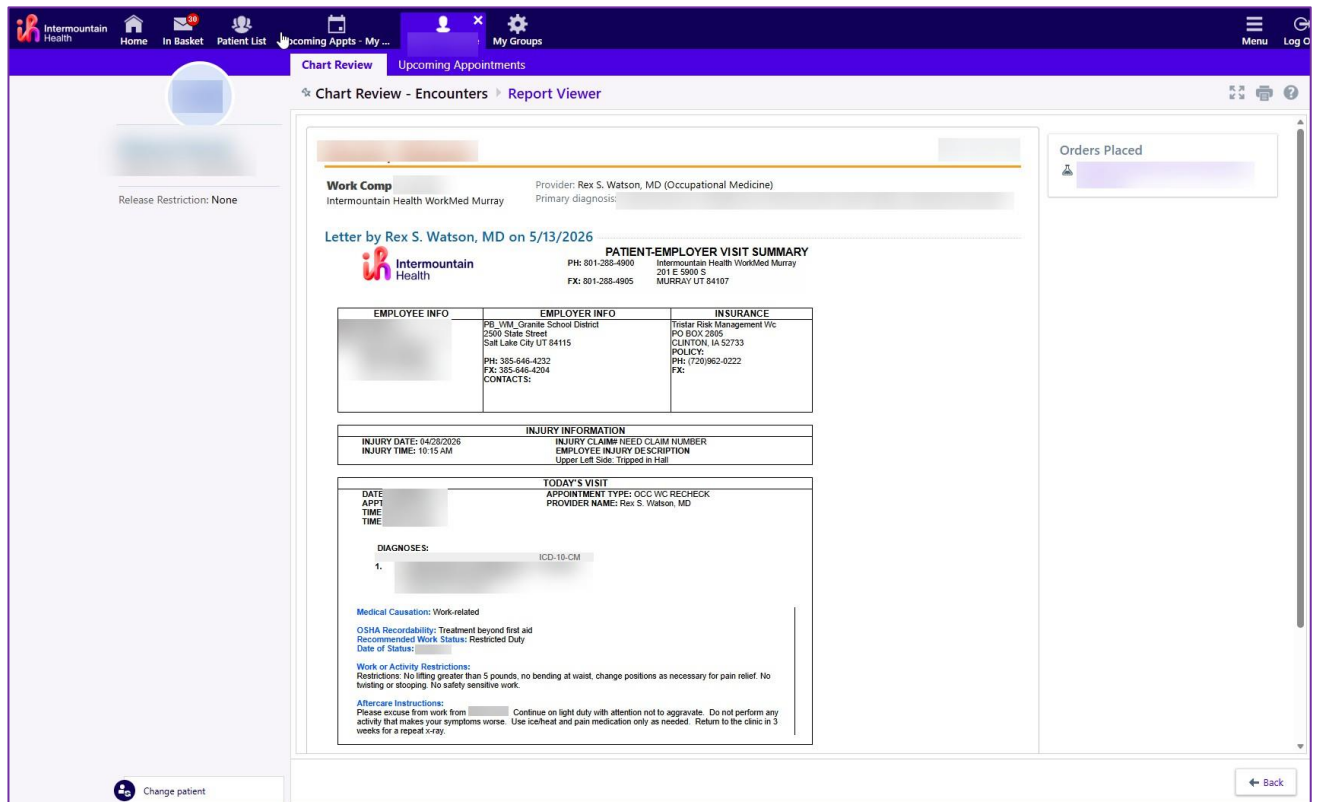

1. In your web browser, navigate to: <https://elink.intermountainhealth.org/EpicCareLink>
2. Enter your User ID and Password to log in.
3. Select the **Patient List** quick button and double click the name of the patient you need to view. The patient window opens automatically to the Chart Review **Encounters** tab.

IMPORTANT INFORMATION: The Patient List is populated by a Grant Access utility based on encounters attached to employer client records. If a patient is missing from your Patient List, please email us at: IH_EpicCareLinkSupport@imail.org and we will add them for you.

4. Review your selected patient encounters list and click on the necessary date of service (hyperlink) to open the associated Encounter Report.

Outpatient Notifications (In Basket)

Employer Portal can receive outpatient notifications for the patients associated with their site in the EpicCare Link **In Basket** activity. You can adjust your **Event Monitor Settings** for any events you want to or do not want to receive notifications about.

The screenshot shows the 'In Basket' view with a sidebar on the left containing 'My Messages' and 'Outpatient Notifications (...)'. The main area is titled 'My Messages > Outpatient Notifications' and features a table of notifications. A green box highlights the 'Event Monitor Settings' link in the top toolbar.
