

# Scheduled Procedure in iCentra Not Transferring to ProVation

*Patients are always scheduled for procedures in iCentra Schapptbook. This process shows how to resend the procedure from Schapptbook if the patient is not showing in ProVation.*

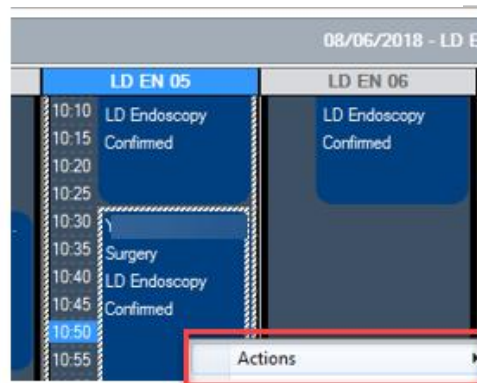

## Resend Procedure In ProVation

1. The patient is not showing in Today's Cases in ProVation.

## In Schapptbook

2. Find the specific patient in right on the appointment block time.
3. Click Actions > Modify > Click OK.
4. Once the window opens to resend the procedure from Schapptbook, through the interface, to ProVation.

## In ProVation

5. After you have resent the procedure in Schapptbook, the appointment should now show up in Today's Case within ProVation.
