

Non-Provation Procedure Note Documentation

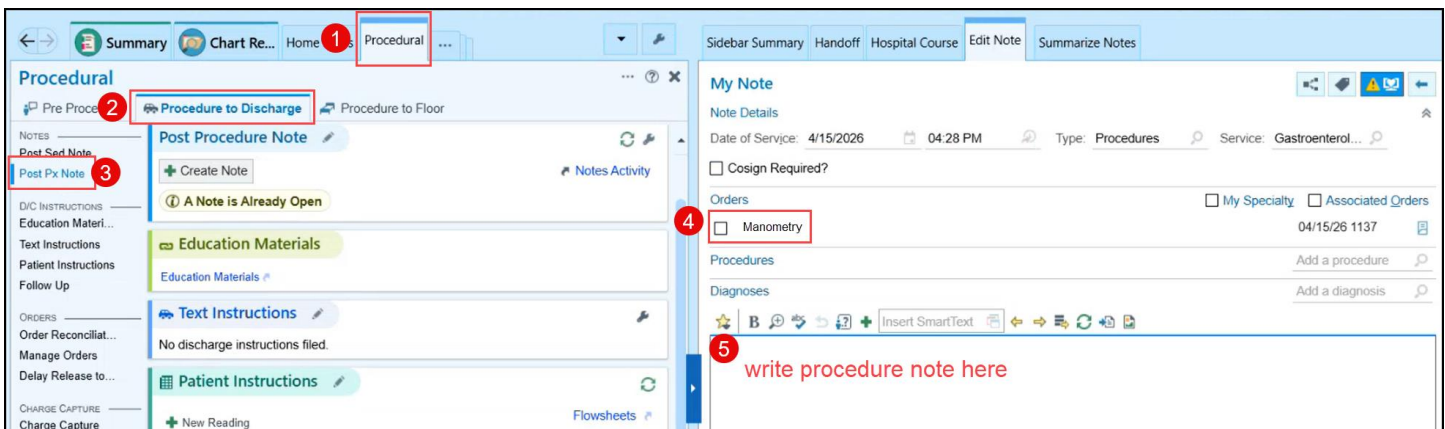

This job aid details the workflow of documenting a procedure note when Provation was not used.

This workflow will replace the usage of Study Review when Endoscopy moves from Radiant to OpTime on July 8th, 2026.

There are two different ways to document a procedure note when Provation is not used.

Option A:

- 1) Procedural navigator > 2) Procedure to Discharge (or Floor) tab > 3) Post Px Note section > 4) Select the procedure order > 5) Write your note

Option B:

- 1) Notes > 2) New Note > 3) Type: Procedure > 4) Select the procedure order > 5) Write your note
