

iCentra Mobile App Access

Content Owner: iCentraMobileApplications@imail.org **Last Modified:** 8/24/2022 2:33 PM

One option for the physician who does not have iCentra access at home is to use the mobile applications of iCentra. **To request access to the iCentra Mobile Apps:**

Instructions for Affiliated Providers

1. Email iCentraMobileApplications@imail.org with the following information;
 1. Full Name:
 2. Username (LDAP ID):
 3. User Title:
 4. User Primary Location:
 5. User Email Address:
 6. Number of Devices (Needing access codes):
 7. Describe your device(s) and what you would like access to:
2. Instructions and an access will be sent to email address provided.

Notes

- Once you receive your activation codes, download and activate the appropriate applications from the App Store.
 - By searching for Cerner in the App store you can then find and download any of the 5 approved applications below
 - FetaLink+ (iOS Only)
 - PowerChart Touch (iOS and Android)
 - Message Center (iOS and Android)
 - Camera Capture (iOS and Android)
 - CareAware Connect (iOS and Android)
- If you have additional questions or comments, please send an email to iCentraMobileApplications@imail.org and we will respond as quickly as we can.
- Applications should only be accessed based on business need and all Electronic Health Record (EHR) Auditing requirements pertain to the mobile applications and are monitored for security and privacy.
