

PowerChart Touch Mobile App

Installation

The instructions below explain how to download and install PowerChart Touch (or other mobile apps) on your mobile device:

1. Download the app from your device's compatible app store. Search for *Cerner* and download PowerChart Touch.
2. Once the installation is complete, open the app. Grant all permissions, notifications, access to phone, files, and photos.
3. On the "Enter Access Code" screen and tap "submit."
4. On the PowerChart Touch login screen, enter your iCentra credentials. You'll be asked to create a PIN on your first authentication.

Overview of PowerChart Touch

PowerChart Touch Mobile App

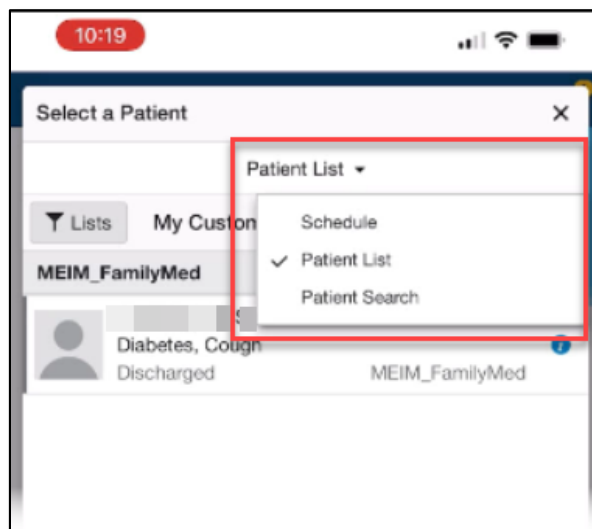

Select a Patient— List, Schedule, or Search

Select Patient

1. Click **Select a Patient** or the **Person/Magnify Glass** icon

2. Click the down arrow to select how to retrieve the patient based on **Schedule** (Ambulatory), **Patient List** (Acute), and **Patient Search**.

PowerChart Touch Mobile App

NOTE: PowerChart Touch mimics the PowerChart desktop. Your patient lists and schedule resources must be active on the **desktop PowerChart (not FirstNet)** to appear in the app.

Patient List :

The screenshot shows the 'Select a Patient' screen. At the top, there is a 'Patient List' dropdown menu. Below it, there is a 'Sort By' dropdown menu. Under 'Sort By', there are options for 'Location', 'Name', and 'Display'. At the bottom right, there is a 'Done' button.

Schedule:

The screenshot shows the 'Select a Patient' screen. At the top, there is a 'Schedule' dropdown menu. Below it, there is a 'List' dropdown menu. Under 'List', there are options for 'Day', 'Week', and 'Month'. Below these, there is a date and day display: 'Mar 3, 2022 Thursday'. Below that, there is a list of appointments for 'YYT Clinic 1'.

Patient Search By:

Demographics:

The screenshot shows the 'Select a Patient' screen. At the top, there is a 'Patient Search' dropdown menu. Below it, there is a 'Patient Information' dropdown menu. Under 'Patient Information', there are options for 'Name', 'DOB', 'MRN', and 'Phone Number'. At the bottom, there is a 'Search' button.

Establish Relationship

- Select your Relationship Type

Patient's Chart— Review, Order, Document

The PowerChart Touch patient chart consists of three main components/actions:

- Review
- Order
- Document

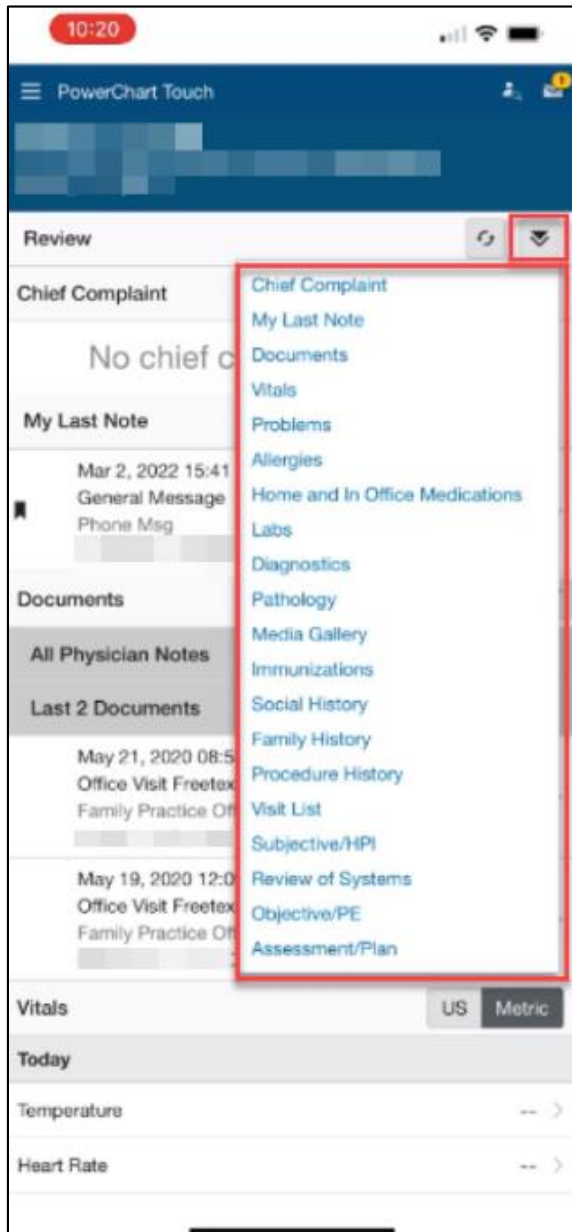

PowerChart Touch Mobile App

Review

Review mode opens the patient's chart to a workflow page.

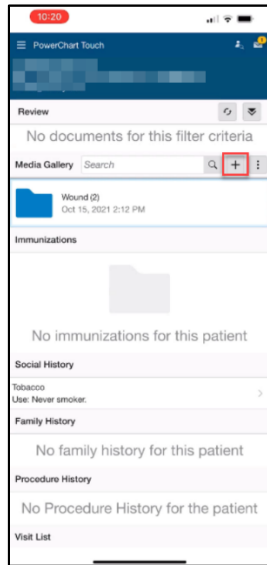

- Scroll to find section or use the components dropdown.
- Components are found in the double dropdown arrow and cannot be moved or removed.

PowerChart Touch Mobile App

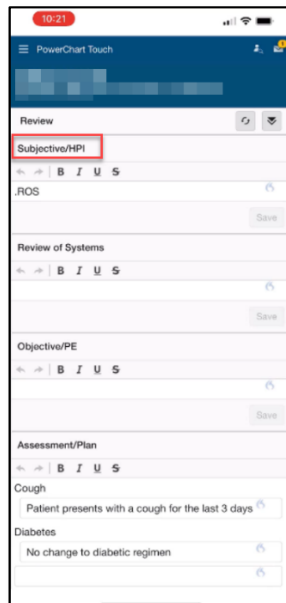

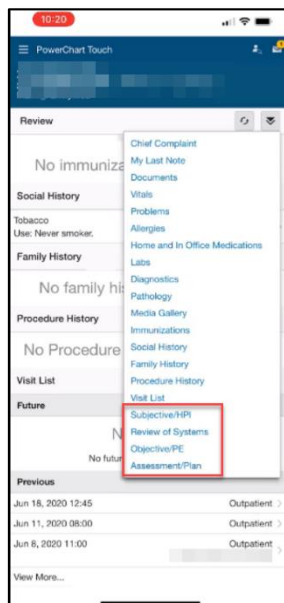

Media Gallery—Camera Capture

- Select the folder to view images.
- Select the + to open the camera and click the middle button to add an image to the patient's chart. *In PowerChart Touch, Media Gallery has the same functionality as Camera Capture.*

Ability to Start Note Section in Review Mode (Finish in Document Mode)

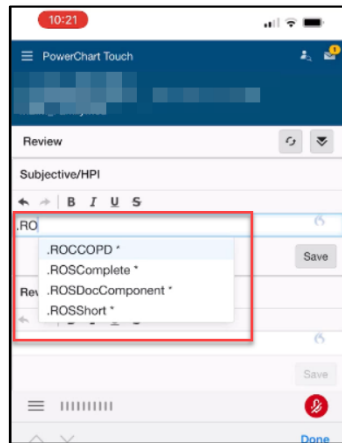

- Select the note part. In this case, Subjective/HPI

PowerChart Touch Mobile App

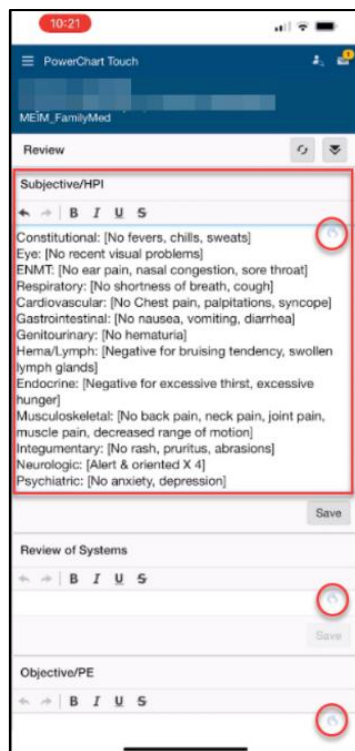

Utilize Auto-Text

- Enter in desired auto-text.

Utilize Dragon

- Click on flame to dictate section or text line
- All **basic** Dragon commands work in PowerChart Touch.

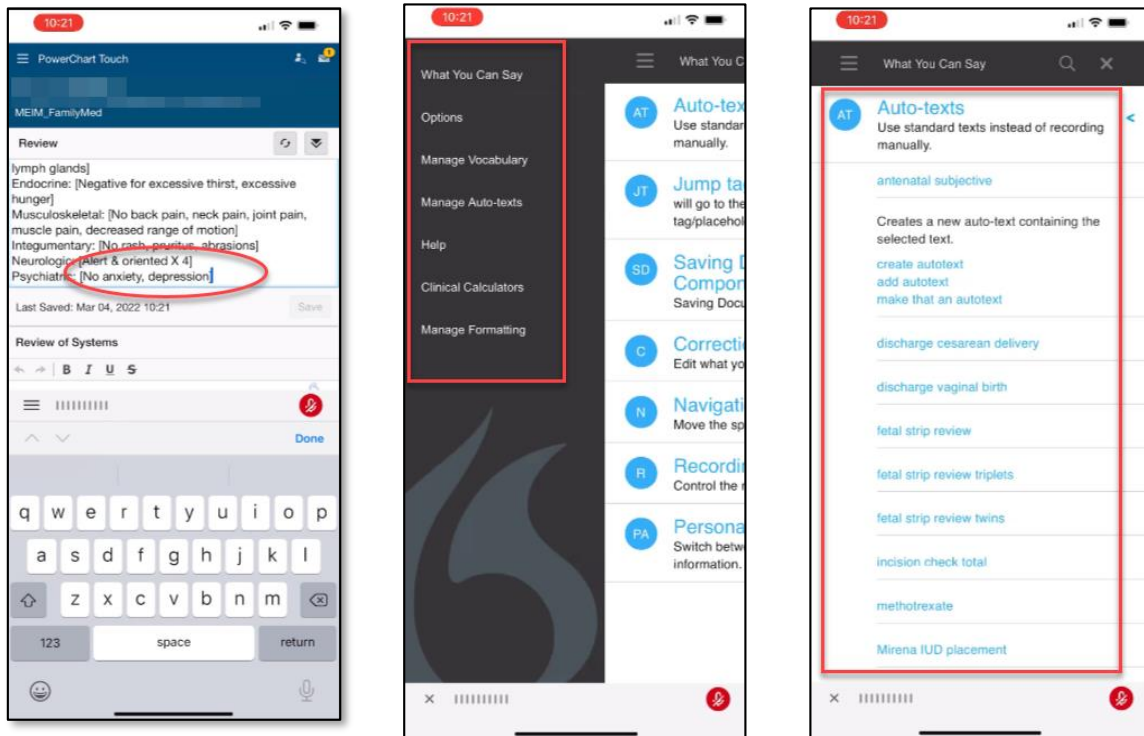

The Mobile Applications use Nuance for the built-in voice dictation using the same platform as Dragon but does not use your Dragon profile.

Select the red microphone, wait for it to turn green and start speaking normally. When you have finished select the now green microphone and it will turn back red or off. Do not select the white microphone (Siri).

PowerChart Touch Mobile App

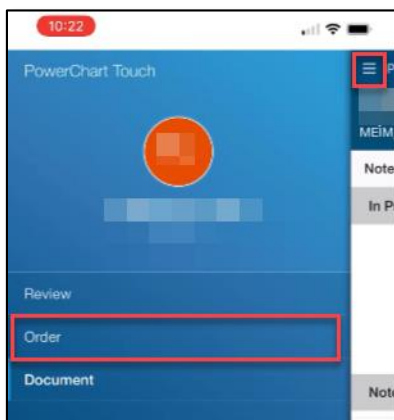

Auto-Text and Dragon Options

- In a text field, you can open options and auto-text list.

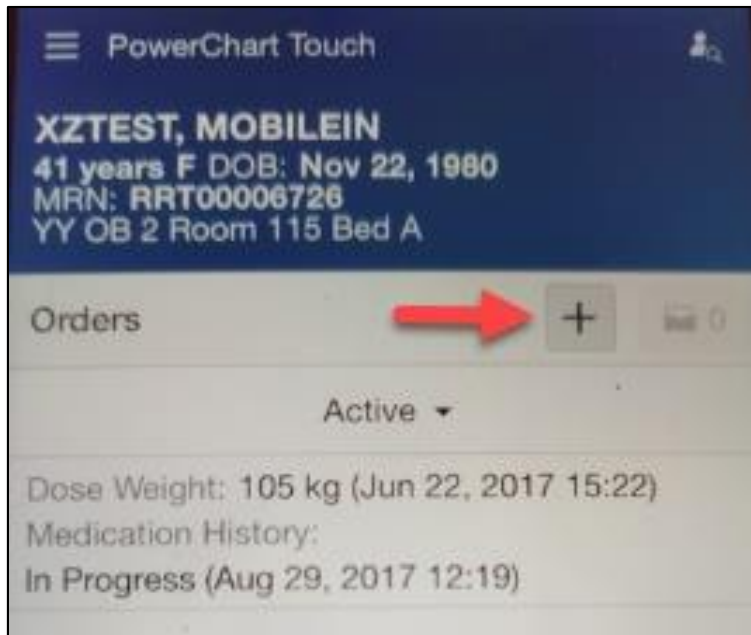

Order How to Add an Order

Navigate to the orders view

PowerChart Touch Mobile App

1. You will see all scheduled orders or future orders
2. Select the icon in the upper right corner to create a new order

3. Select an Order
 1. You can use your iCentra favorite orders and select an order, or you can use the search bar to find a particular order you want.

PowerChart Touch Mobile App

4. Fill In Missing Information or Modify the Order if necessary
 1. Fill out required fields and click Done

A screenshot of the PowerChart Touch Mobile App interface. At the top, there are two buttons: "Remove" and "Done". Below them is a red asterisk icon followed by the text "Missing required details. Address the indicated details." The form contains the following fields: "Dose Weight: 105 kg (Jun 22, 2017 15:22)", "Lab Collect", "Order", "Specimen type" (a dropdown menu showing "Whole Blood"), "Collection priority" (a dropdown menu showing "- Select -"), and "Collection date and time" (a date field showing "12 / 06 / 2021" and a time field showing "14:30").

5. Select the order you want to modify. Any part of the ordering sentence can be modified. Once Complete, click Done.

A screenshot of the PowerChart Touch Mobile App interface. At the top, there are two buttons: "Remove" and "Done". Below them is a blue header bar with the text "41 years F DOB: Nov 22, 1980", "MRN: RRT00006726", and "YY OB 2 Room 115 Bed A". The form contains the following fields: "Dose Weight: 105 kg (Jun 22, 2017 15:22)", "CBC w/ Auto Diff", "Whole Blood, Stat collect, 12/6/21 14:30:00", "MST, Once, Lab Collect", "Order", "Specimen type" (a dropdown menu showing "Whole Blood"), "Collection priority" (a dropdown menu showing "Stat"), and "Collection date and time" (a date field showing "12 / 06 / 2021" and a time field showing "14:30").

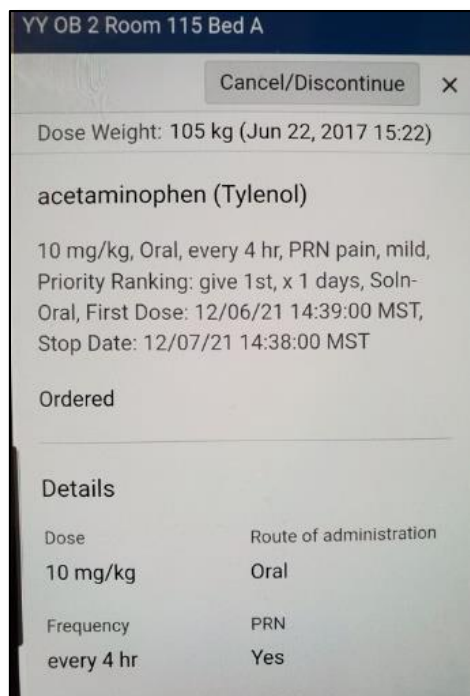

PowerChart Touch Mobile App

6. Sign and Submit the Order
7. Select the icon in the top right hand of the screen with the number showing how many orders and pending signature. Select Sign.
